

The Most Sensational Sale of Wash Goods Ever Held in the West

Over 250,000 yards of the newest summer styles and qualities on sale Monday at reductions of one-third to two-thirds of usual value. A wonderful opportunity to supply summer needs

WE have planned for this sale for many weeks. We have strained every resource to make it a record breaker in every respect. Every market has been searched for its choicest products, and when prices were right, we purchased heavier than ever before. As a result of these efforts, we announce this sale Monday in full confidence that you will find it the most interesting you have ever attended, incomparably superior in magnitude, variety and beauty of styles as well as in opportunity for economy.

The Most Amazing Feature of the Sale 20,000 Yds. of 25c and 35c Wash Fabrics

We believe this to be, without any exception, the finest lot of wash goods ever brought to Omaha to sell at one extremely low price. It is the entire season's surplus stocks of a large eastern jobbing house, which we secured at a mere fraction of their regular worth because the wholesalers were anxious to make room for fall merchandise.
